Public Narrative

About 10:41 pm on Tuesday, October 6th, 2015, Officers Johnson, J Conley and Wosny in the VK22 and under the direct supervision of the VK901 Sgt Hynes did conduct a traffic stop on Jewish War Veterans Drive resulting in the arrest of three individuals and recovery of two firearms.

Officers were specifically patrolling the area of H-Block due to recent escalation of gang violence involving members of the H-Block Gang. Officers are aware of several ongoing beefs this gang has with other gangs in the city which include but are not limited to Castegate, Orchard Park, CP2, and Heath St. In the past these beefs have resulted in Homicides, persons shot, persons stabbed, and numerous firearm arrests.

While travelling on Seaver St in the area of Harold St Officer Wosny observed a white Chrysler pull behind the Officers travelling at a very close range and then move into the left lane and speed past Officers. Officers continued behind the m/v MA REG 2PY 681 and observed it to travel to speeds above 45 mph. Officers initiated their lights and sirens on Seaver between the area of Humboldt and Elm Hill Av in order to conduct a traffic stop. The m/v weaved in between 3-4 cars and quickly accelerated away from the Officers ignoring their lights and sirens down Seaver St turning right on to Blue Hill Av. Officers notified the channel 3 dispatcher that they had a m/v failing to stop for them. The m/v turned right on to Franklin Park Road and on to Jewish War Vets passing the zoo and the golf course and continued to accelerate away from Officers gaining some distance on the Officers cruiser. Officers continued to relay the direction of travel over the radio as the m/v passed the Shattuck Hospital. The m/v, now approaching the Morton St rotary had to considerably slow down due to 3-5 cars backed up at the stop sign. It was at this time that Trooper Mark Foley was able to block the other lane of traffic with his marked cruiser leaving the suspect m/v with no where to go. Officers, now behind the m/v exited their unmarked Ford Explorer and approached the suspect m/v with badges clearly displayed and observed the m/v occupied three times with one male in the back seat on the passenger side.

Officers ordered all males in the m/v to show their hands which they complied and were ordered out of the m/v and immediately placed in handcuffs. The males were identified as Heath St Gang Members Jordan Searcy (driver), Devonne McDonald-Jones (front passenger), and Nathan Bootman (rear passenger side).

Officers observed that the drivers window was rolled down as well as both the front and back seat passenger side window. Knowing the gang affiliation of these individuals Officers asked that any assisting units help retrace the path the m/v travelled for any contraband that may have been thrown from the windows. Several units from the YVSF and area B began to canvas the area.

Officer Marty Velez along with Sgt's Jones and Hynes located a firearm near the golf course which would of been consistent with being discarded from the passenger side of the suspect m/v. This firearm was a Target Bulldog 357 Magnum revolver, serial #336283 loaded with (5) live rounds of ammunition (PPU 38 special, S&B 38 special, Blazer 38 special, Winchester 38 special, Blazer 38 special).

Officer J Conley located a second firearm just prior to where the suspect m/v came to its final stop. This firearm was also consistent with have been discarded from the passenger side of the m/v. This Firearm was a Smith & Wesson 38 Special Model 10-7 revolver, serial #X3XX5 loaded with (6) live rounds of ammunition (Federal 38 special, W&W 38, Speer 38 special, Speer 38 special, Winchester 38 special, Winchester 38 special).

Thermal images were taken of both firearms by the TG02. The VK805 and VK806 Detectives Donga and Merced responded to process and collect the firearms. The m/v was a Hertz rental vehicle rented to a Felicia Lima and Jordan Searcy was not authorized to operate it. All three suspects were transported back to District 2 and with Officers believing the firearms to have been thrown from the suspect m/v charged the following:

-Jordan Searcy charged with Refusal to Submit to a Police Officer, Operating a m/v without Authority, Carrying a Loaded Firearm, Unlawful Possession of a Firearm, and Unlawful Possession of Ammunition. Searcy issued MA citation #R6553437 for Speeding, Refusal to Submit to Police, Using m/v without authority. At booking a small bag of marijuana was found on Searcy. Drugs logged into B2 drug book #176 page 170 and secured in drug safe. Drug paperwork completed. Issued citation # 1057255 for Possession of Class D under (1) oz.

-Devonne McDonald-Jones charged with Carrying a Loaded Firearm, Unlawful Possession of a Firearm, and Unlawful Possession of Ammunition.

-Nathan Bootman charged with Delinquent to wit Carrying a Loaded Firearm, Delinquent to wit Unlawful Possession of a Firearm, and Delinquent to wit Unlawful Possession of Ammunition.

Public Narrative

At the request of ADA Mark Zanini, I am adding this supplemental report to explain the thermal imager and the images associated with this incident.

The thermal imaging camera is used to detect infrared radiation (invisible radiant energy) and produce images of that radiation, called thermograms. Infrared radiation is emitted by all objects with a temperature above absolute zero and thermography makes it possible to see one's environment with or without visible illumination. The amount of radiation emitted by an object increases with temperature, therefore, thermography allows one to see variations in temperature. When viewed through a thermal imaging camera, warm objects stand out well against cooler backgrounds and become easily visible against the environment, day or night. The thermal imager used in this case indicates heat with light/white coloring and cooler temperatures with darker coloring.

The vehicles pictured show whiter colors near the engine/tire/brake area as they are warmer than the surrounding body panels.

The gate and terrain pictured show similar coloring to the surrounding environment as there have been no recent outside warming effects.

The firearms pictured show obvious color differences to their environment, they show whiter coloring than the darker (lower temperature) background, indicating they are warmer than the ground they are placed on

The second set of images taken of the two firearms minutes later show they are not as "bright white" indicating they are cooling to the surrounding environmental temperature.
